

River Thames Clay Shoot

Maximum 30 participants

Our enormous enthusiasm and experience has made us a formidable force in delivering the highest quality water based Corporate Events in the UK. Ranging from the indulgent to the highly competitive, all our events are delivered with great style, on time and to budget. Just ask any of our customers - our events are great fun!

River Thames Clay Shoot

- Join us in the heart of central London to shoot clay pigeons from the decks of one of the country's most important historical boats, now gleaming following an extensive refit.
- This beautiful 85' Motor Yacht, former flagship of the Port of London Authority, was used to carry the coffin of Sir Winston Churchill during his state funeral in 1965 – the last state funeral to take place in the United Kingdom.
- The yacht has a comfortable saloon but the main feature is the large open aft deck, perfect for viewing, with smart seating and substantial awning giving shelter from both sun and rain when required.
- Join us at St. Katherine's Pier, by Tower Bridge, for a cruise down the river and through the Thames Barrier to the shooting area at Thamesmead.
- It seems improbable that we can use 12 gauge shotguns and other weapons including a blunderbuss to shoot clays in London, but this is all perfectly legal!
- The expert instructor will help you improve your performance, add a little competition to the proceedings and give a fascinating account of the various weapons brought along for you to use.
- The chef will serve delicious hot food prepared on the yacht. Enjoy a selection of canapés and then two hot main courses made easy to eat by being served in individual Japanese style bowls!
- The River Thames Clay Shoot may be run as a half or full day event.
- Note: 30 days are required to arrange shooting licenses.

River Thames Clay Shoot Itinerary

- Enjoy a half or full day programme. Please talk to us about the different formats of the event so that we are able to produce a schedule that matches your requirements and the time you have available.
- If your arrival time is before lunch, then we suggest Danish pastries tea and coffee are served on arrival. We do not serve alcohol until after the shooting event has taken place.
- The longer the day, the greater the flexibility we have. We usually board at St. Katherine's Pier. With a longer day we may board further west and sail through central London before running out to Thamesmead for shooting.
- Do let us know if you have any dietary requirements and we will ensure that the chef prepares the food with these in mind.
- Whilst aboard, soft drinks, hot drinks and snacks are served throughout the day. If specified we are also happy to serve beers wines and other drinks. The yacht has a full alcohol license.
- The price includes the use of the guns, environmentally friendly steel shot and biodegradable clays. The event is covered under license and the price includes full insurance.
- Once off the water we have the option to continue the party atmosphere ashore in a waterside restaurant that provides a perfect venue to run into an evening meal or BBQ if desired.

What's included

The final inclusions will be arranged following discussion with your event manager.
